# INFLATION REPORTS IN U.S. ARE DENIED

## British Welcome News Prince George Soon Is To Marry

Newspapers Say Princess Marina of Greece Is Assured of Warm Welcome When She Arrives in Britain as Bride of Youngest Son of King and Queen

### COUPLE ON VISIT TO JUGOSLAVIA

London, Aug. 28.—Comments already appearing convey the warmest interest and approval in the announcement of Prince George's betrothal to Princess Marina of Greece.

"Prince George, who like the rest of our overworked Royal Family, has not spared himself, will find the nation heartily in gratitude and almost in good wishes," says The London Morning Post. "We can assure the bride-to-be she will receive from every class and section of our people the warmest reception and heartiest greetings." Special reference is made to Prince George's visit to the Danubian some years ago.

The London News-Chronicle comments: "While Princess Marina is yet of necessity less well-known to the British public, we may be sure her association with our country will be warmly appreciated."

The Daily Telegraph, comparing Princess Marina with the late Queen Alexandra who came here as "a princess from over the sea," expresses the belief she will be welcomed here as heartily.

### DEATH TO-DAY IS WIDELY MOURNED

LATE GRANT HALL

## Spokane Cars Are Operating

Little Loss of Time As Buses and Street Cars Run Despite Strike

Spokane, Aug. 28.—Buses and street cars moved nearly on schedule here to-day, manned by regular and emergency drivers while representatives of striking operators disclaimed responsibility for disorders yesterday evening.

Service was discontinued by the Spokane United Railways, which has refused to grant wage increases and other demands, after several buses and street cars were attacked. Several shots were fired, but no casualties were reported.

Saying violence was not directly or indirectly motivated by the strikers, W. J. Gellist, organizer for the strikers, said: "It has been our motto to refrain from all violence. We are endeavoring to maintain this attitude as long as we can."

Gellist said a move to end the strike "is up to the Mayor of the Spokane United Railways." No word has been received from President Post or any of his subordinates. "We will continue the strike until this thing is settled satisfactorily," he said.

## SALVATION ARMY CHOOSING CHIEF

London, Aug. 28.—The contest for command-in-chief of the Salvation Army has narrowed down to Commander Evangelina South of the United States and Commander Henry Mays, general chief of staff, a high army source said to-day.

Preliminary were still being continued at a meeting of the council, but nominations were expected during the day for a successor to General Edward J. Higgins as head of the organization. Voting may begin late to-day or to-morrow—in secret.

## GRANT HALL PASSES AWAY

Vice-president of C.P.R. Dies in Montreal; Widely Known Railway Figure

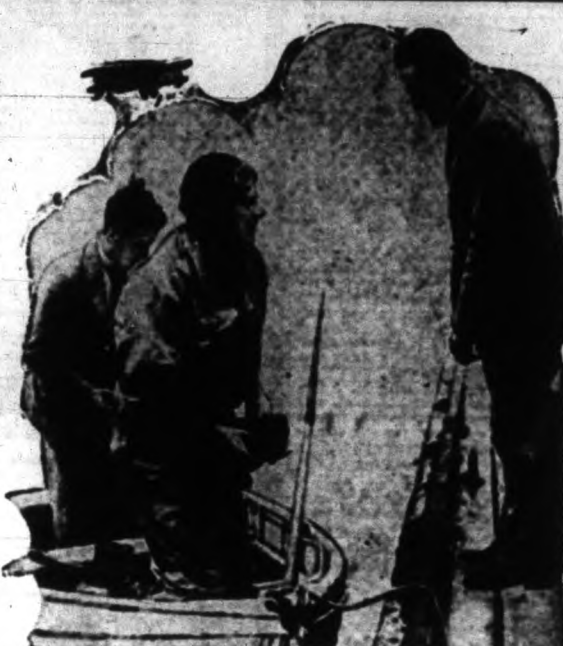

Montreal, Aug. 28.—The career of an ambitious railway executive who rose through his own efforts to the position of vice-president and director of one of Canada's two great transportation systems, was brought to a close here to-day with the death of Grant Hall, director and vice-president of the Canadian Pacific Railway.

The seventy-year-old vice-president, who started out in the company in 1886 as a telegraph and quickly rose through positions of trust to one of the highest offices in the system, died early this morning after doctors had waged a losing battle to save his life for three weeks. Stricken with an apoplectic stroke while on duty at his desk three weeks ago, he was rushed to a hospital where he held his own for more than two weeks. Three days ago, however, he took a turn for the worse, and early yesterday evening his life was despaired of.

It was in western Canada Mr. Hall won railroad fame. He assisted in opening up vast plains, prairies and woodlands in British Columbia, Alberta, Saskatchewan and Manitoba while associated with the western lines. He always claimed to have been a western Canadian just as long as the country was being developed.

In addition to the offices of first vice-president and director of the company, he held several other positions of trust.

## BRITISH PILOT FLIES ALONG HUDSON BAY COAST

Ottawa, Aug. 28.—From cryptic wireless messages received here by the radio branch of the Marine Department, it was believed John Grierson, English Arctic flier, took off early this morning from Koorukuk, on the east coast of Hudson Bay. He is bound for Ottawa via Mooseonee and Cochrane, Ont.

Pilot Grierson, centre, was leaving a wharf, to be rowed out to his plane, just before he left England, when the above picture was taken.

## Ss. Prince Robert To Return To Service

C.N.R. Steamer, Tied Up in Vancouver For Two Years, To Be Chartered, Officials of Line Announce To-day

Vancouver, Aug. 28.—Negotiations are under way for the chartering of the Canadian National Ss. Prince Robert, which has lain idle for two years at the company's Vancouver docks, to interests which propose to operate the ship on the Pacific Coast, chief officials of the Canadian National Railways said when they arrived here to-day from Prince Rupert.

The Prince Robert operated one season in the Alaskan trade and was tied up when her sister-ship, Prince Henry and Prince David, were withdrawn from the Victoria-Vancouver Seattle service and sent to Halifax, N.S.

The party was led by President R. J. Hungerford, Hon. C. P. Fullerton, chairman of the board of directors, and J. E. Labelle, trustee, and A. E. Warren, western vice-president.

The officials were reticent regarding the future of the Canadian National Hotel here, consolidation or amalgamation with the Canadian Pacific on lines between Kamloops and Vancouver and other questions of interest in this province. These questions are "being studied," they said.

The officials stated their arrival coincided with that of President E. W. Beatty, of the Canadian Pacific Railway, expected this week, has no significance.

Mr. Hungerford said he believes the cent-a-mile excursions, which have proved so successful this year, will become a permanent policy. These excursions pay the company if they get sufficient bulk of travel but such rates can never be considered for permanent service.

## Roosevelt Says Rumor Big Gold Profit Soon To Be Put In Circulation False

### C.N.R. PARTY HERE FRIDAY

President S. J. Hungerford Making Annual Inspection Tour of West

S. J. Hungerford, president of the Canadian National Railways, with C. P. Fullerton, chairman of the board of trustees, and J. E. Labelle, trustee, will reach Victoria from Vancouver by the morning boat Friday on an inspection tour of western lines.

Other members of the C.N.R. party coming here are A. E. Warren, western vice-president, Winnipeg; Howard Dixon, chief engineer, western region, and C. E. Brown, chief engineer of the system, Montreal.

They inspected Jasper Park Lodge, before going on to Prince Rupert, at which point they took passage aboard the Ss. Prince Rupert for Vancouver, where they arrived to-day.

The party will leave here Friday night for Vancouver and will travel east Sunday.

### GROCERS JOIN IN BOYCOTT

Canadian Press from Hays  
London, Aug. 28.—Grocers of Britain and the surrounding region to-day initiated a boycott against Australian products to last until Australia lifts her tariff on Lancashire cotton goods.

The move was agreed on by associations representing some 200 retailers.

### FIRE CHECKED NEAR GARDENS

Bush Blaze at Brentwood Near Butchart's Brought Under Control

The famous gardens of Mr. and Mrs. B. F. Butchart were threatened for a time by a bush fire which broke out at Ted Inlet yesterday afternoon.

The flames approached within 200 yards of the entrance to the gardens where they were checked by efficient fire-fighting crews from Ted Inlet and Bamberston, aided by a cross wind.

Police authorities were investigating the possibility of the fire having been set. The flames broke out some 100 yards from the entrance, not far from a cigarette butt or material from a passing car. Heat was not so great as to cause spontaneous combustion in the woods.

The fire was sweeping toward the gardens when it was first noticed. The crew was quickly on the job, however, and the fire department stood by for an emergency call if the flames approached too close. When it was brought under control, the fire had covered forty or fifty acres.

Several hundred tourists on special excursions visited the gardens during the afternoon despite the outbreak.

While Fears Grow in France, President Tells Reporters \$2,800,000,000 Only "Ultimately" Will Be Used; Treasury Secretary's Statement on Retirement of Public Debt Starts Discussion

### London Sees No Inflation Move

Associated Press  
Hyde Park, N.Y., Aug. 28.—President Roosevelt emphasized to-day at his regular press conference here that it is only the ultimate intention of the United States Government to use the gold profit from devaluation of the dollar, and he laughed away inquiries on inflation by immediate use of this fund.

The President spoke in response to questions about the speech yesterday evening in which Secretary of the Treasury Henry Morgenthau stated the purpose to employ the \$2,800,000,000 gold profit eventually for retirement of the public debt.

FAR IN FUTURE  
Sitting in his small study room at the family home, Mr. Roosevelt smiled broadly at the suggestion this opened the way to inflation by way of an additional currency fund.

He called attention to the word "ultimately," and said that meant a time pretty far in the future. "The gold profit fund," he added, was a nest egg and would be so regarded.

LONDON OPINION  
London, Aug. 28.—Financial London disapproved with interest to-day the Washington speech of the evening of United States Secretary of the Treasury Henry Morgenthau, and could find no signs of inflation in details of the address called here.

Financial writers stressed the point that if gold profits are to be used to retire the public debt, it is to be used to retire the public debt.

## Alberta Coal Strike Settled

Canadian Press  
Edmonton, Aug. 28.—The coalminers' strike ended to-day when the Royalties Oil and Share Corporation and 300 employees involved reached an agreement on all demands and planned to sign it this afternoon. The men had only been out since morning.

## Health Insurance In B.C. Next Year

Actuarial Information Gathered to Draft Bill For Next Session

Fifty thousand hospital cases have been examined and 20,000 more will be examined in connection with actuarial work that has been undertaken to bring a bill for health insurance in British Columbia before the next session of the B.C. Legislature, Hon. G. M. Weir, Provincial Secretary, said to-day.

Eighty per cent of the doctors in the province are in favor of it, and most of the people are for it, said Dr. Weir in stating that it was planned to put the legislation in effect as soon as possible.

"It will be cheaper for British Columbia than operating under the present haphazard system," Dr. Weir stated.

Information is being secured, he proceeded, on maternity cases, length of stay of all patients in hospital, use of hospital patients and all other subjects necessary to draft a bill for presentation at the next session. "We have to find out how far we can go," he said.

Views of the dentists of the province on health insurance would also be secured, Dr. Weir mentioned.

## New Rules For Produce Trade

Licensing of Agents and Dealers, and Care of Fruit in Transit Are Governed

Ottawa, Aug. 28.—In conformity with the provisions of the Fruit and Honey Act, passed by Parliament last session, Hon. Robert Weir, Minister of Agriculture, has issued regulations governing the operations of commission agents, dealers and brokers who engage in interprovincial or foreign trade. The regulations, reflecting the object of the statute, are designed to "control the sale of fruit and vegetables in interprovincial and foreign trade, and safeguard to the producer the money realized in the sale of his produce."

They provide for the licensing of all commission agents, dealers and brokers who engage in such trade. This is valid March 1 following the date of issue and costs \$25. However, a person shipping produce of his own growing is required to pay a fee of only \$5.

The regulations provide for strict care of perishable goods in transit, with particular regard to the conveyance of fruit and vegetables during periods of varying and variable temperatures.

## MONEY USED BY OFFICIAL

Director of Ontario Air Service Admits Turning Grants to Personal Use

Toronto, Aug. 28.—Admission by Capt. Roy Maxwell that he used money issued to him in the form of accountable warrants by the government for personal purposes marked the inquiry to-day into the administration of the Ontario Air Service. Capt. Maxwell, director of the air service, said a sum amounting to \$3,832, outstanding for a period of about two years, was repaid in the autumn of 1931.

A veritable barrage of questions laid down by Councilman G. J. Coffey regarding a cheque for \$100 Maxwell had received from "Doc" Oakes, an air service employee, failed to draw much information from the director. He denied several times it had any connection with Patrick Aloysius.

ADMITTING USING MONIES  
"You have for many years been using the monies in your accountable warrants for your personal use," asked Councilman Coffey.

"Yes, I have," said Capt. Maxwell. He said he made loans on his accountable warrants to certain air service officers at various times.

## INSANE MAKE PRISON BREAK

Three Murderers Among Seven Who Overpower North Carolina Guards

Raleigh, N.C., Aug. 28.—Seven criminal insane convicts, including three murderers, overpowered two guards at the state hospital here early to-day and escaped.

Four of the men overpowered the guards and then released the other prisoners.

Raleigh and Wake County officers took up the chase a few minutes after the break, but several hours later had found no trace of the fugitives.

The murderers who had his death sentence commuted to life imprisonment while awaiting execution for cutting a neighbor to death after a quarrel over a watermelon, Joe Stafford, sentenced to life imprisonment in Wayne County for murder, and Tom Jackson, sentenced in Forsyth County.

The others at large are: Robert Whitesides, N. S. Oodard, Clyde Gaines and Reginald Blake.

## PREPAYMENT OF TAXES MOUNTS

With only three days left for advance payment of taxes, city tax payments are mounting. This year's total is \$27,000 of last year's record collection. Payments totaled \$269,271.74, compared with \$706,933 on the same day last year and \$645,827 for a corresponding period in 1932.

## AUSTRIA-FACES NEW OUTBREAKS

Friction in Ranks of Heimwehr Replaces Cleaning Up of Nazis as Problem

Vienna, Aug. 28.—The threat of internal outbreaks here once more over Austria to-day and this time it was in the form of a new outbreak of the Heimwehr, the Fascist militia of Chancellor Schuschnigg suddenly found itself in the hands of the Heimwehr, a group of home guards headed by Vice-Chancellor Ernst von Starheimberg.

A number of Heimwehrmen were arrested yesterday by police. Guards were placed about barracks of the organization in the Floridsdorf section.

Jealousy between Vienna Heimwehr detachments and their brothers in provinces of Lower Austria, private sources said, led to the unexpected raid by emergency police. Reports spread that certain Heimwehrmen had been called "untrustworthy and traitors."

## U.S. Farm Prices Are Near "Parity" Level

Donald Richberg of NRA Reports Gains to Roosevelt; Upward Move in Livestock Prices at Chicago

Washington, Aug. 28.—Donald R. Richberg, NRA counsel, reported to President Roosevelt to-day that farm prices in the United States had risen to within 5 per cent of the famous "parity price" which the administration had been striving to reach.

GAINS SPREAD  
Chicago, Aug. 28.—The upward price movement, intense in the hog market since August 5, spread to cattle and goats in Chicago to-day.

Hogs moved up again to a new top of 44¢ a hundredweight. This price has not been equaled here since August 10, 1931.

The hog producer, when the \$2.25 price was in effect, is getting close to \$10 a hundredweight for his hogs, nearly at above the \$8.50 (the 100-15 average) fixed by the government as its objective in the price fixing campaign.

The average cost of dressed yesterday was \$7.42, making the average return to producer 29.2¢.

In the cattle market a new top of \$15.00, also the highest since early in 1932, was paid for prime weighty steers, but the bulk of the run was bringing 81¢ to 81.50¢.

Goats, prices rose sharply on reports of heavy damage to Canada and strength in foreign markets. Wheat and corn futures showed gains at times of about 2 cents a bushel.

## NOVELIST TO BE CANDIDATE

Upton Sinclair Leads in Democratic Primary For California Governor

San Francisco, Aug. 28.—Upton Sinclair, Socialist author turned Democrat, and Acting Governor Frank Merriam, Republican, piled up increasing totals to-day in the California primary as they swept toward the November elections which some Democratic leaders feared might weaken the party's congressional delegation.

Sinclair's colorful campaign, which he said brought victory to President Roosevelt's "New Deal," piled up the most imposing total in Tuesday's voting. His total of 295,892, with more than four-fifths of the precincts reported, was 125,000 above that of his nearest rival, George Creel, war-time director of propaganda, and 30,000 above the conservative Republican whom he will oppose in November.

Fear was expressed by some Democratic leaders that conservative voters opposed to Sinclair might swing their entire vote from the Democratic to the Republican ticket, cutting into the state's party delegation of eleven in Congress.

The governor, however, considered his victory a definite swing to the Roosevelt administration, despite his unorthodox manner of financing a campaign by selling his political pamphlets and charging admission to his political rallies.

WORK FOR JOBS  
It was Sinclair's "E-P-I-C" plan to end poverty in California by putting unemployed to work in distressed districts which the state would operate and reclaiming farmlands that won him victory and led conservative Democrats to fear party defections.

Returns from 1,194 of the state's 10,708 precincts gave Creel 168,604, Justus Ardell, Conservative party leader, 94,561; M. E. Young, 12,961, with five lesser candidates absolutely out of the picture.

Merriam had 288,246 ballots from 7,729 precincts, against 126,973 for former Governor C. C. Young; 68,917 for John R. Quinn, former national commander of the American Legion, and 60,256 for Raymond Knight, most (Turn to Page 2, Col. 4)

## Outlook Dark For U.S. Textile Peace

Union Men and Employers Stick to Their Guns as Final Conciliation Move-Ments Made Before Strike Hour Next Tuesday

Associated Press  
New York, Aug. 28.—The Cotton Textile Institute notified the National Labor Relations Board at Washington to-day of its refusal to confer with union leaders to avert the threatened textile strike.

Washington, Aug. 28.—On the eve of a peace conference called to prevent a strike from crippling the United States textile industry, union leaders and employers stuck to their guns to-day.

As the National Labor Relations Board threw all its influence behind the peace move, these storm clouds hovered:

1. Francis J. Gorman, chairman of the United Textile Workers' strike board, accused employers of trying to depict the workers as striking against the government.
2. Some cotton mill managers were reported ready to close their factories if the strike materialized next Tuesday as planned.

CONFERENCE TO-MORROW  
The union leaders have accepted the Labor Board's invitation to a "round-table" talk to-morrow and the manufacturers, though reported to be making preparations for the strike, are expected to attend also. Chairman Lloyd Garrison, noted mediator, will preside.

The executive council of the U.T.W. will meet to-morrow to decide whether to call out silk, rayon and woolen workers as well as cotton operatives. The union leaders say if this is done, the strike will involve between 700,000 and 800,000 persons.

## Residents Flee As Oil Fire Spreads

Scenes of Panic at Campana, Argentina, After Series of Tank Explosions Causes Five Deaths and Great Property Losses

Associated Press  
Campana, Argentina, Aug. 28.—Residents fled in terror to-day as a sea of flaming oil and gasoline rolled toward explosion-racked Campana.

A change in wind early this morning set the fire flaring toward the city, after giant oil tanks had gone up like fire-crackers. More than a score of them were burning, along with numerous smaller ones.

Five are known dead in the catastrophe, with others missing. The list of injured is in the hundreds, and property damage runs into the millions.

(Turn to Page 2, Col. 2)

## VICEROY SEES NEW INDIA ERA

Canadian Press Cable via Reuters  
Rangoon, India, Aug. 28.—Rangoon had fallen on civil disobedience as the result of the "sturdy good sense" of the mass of the people," was expressed by Lord Willingdon, Viceroy of India, in an important address to the Legislature to-day.

Lord Willingdon declined to anticipate the recommendations on the Indian system of government, but he promised the best constitution would be applied expeditiously when it was enacted by parliament.

The Viceroy forebore to make any statement on the appointment of a new commission to foreign countries.

## Vancouver Boy Wins Model Plane Contest

Toronto, Aug. 28.—Boys from Canada's middle west and the Pacific coast triumphed in several divisions of the Canadian National Scholastic model airplane contest, month of which were announced to-day.

First place in the Waterford contest, open, went to Fred Hallingsworth of Vancouver.

## TWO FLY ALONG GREENLAND COAST

Byrth, Iceland, Aug. 28.—Prof. Richard Light of Yale, flying from North America with Robert F. Wilson of New Rochelle, N.Y., was reported at 2:10 p.m. local time to-day, ten miles off the east coast of Greenland. It was believed the flies would stay at Angmagssalik overnight.

## British Welcome News Prince George Soon Is To Marry

(Continued from Page 1)

### NEWS WELCOMED

London, Aug. 28.—The empire welcomed the news today that Prince George would marry in the near future.

Announcement of Prince George's marriage to Princess Marina of Greece, the thirty-two-year-old fourth son of the King and Queen, would be the first of the royal family in eleven years, was quickly forthcoming.

Princess Marina, who is twenty-seven, has one qualification which others which will be welcomed by British folk. She speaks English perfectly, having been taught in that language, and has spent much time in this country.

The question of her religious profession probably will arouse some discussion. Her family belongs to the Greek Orthodox Church, but her own religious views are not known here. There is nothing, however, in English law or custom to prevent a member of the Church of England from marrying a woman of another faith.

A courtship in the romantic Alps of Jugoslavia, culminating five years of friendship, resulted in the match.

### WEDDING IN FALL

Princess George is visiting with Princess Marina at the summer home of Prince Paul of Yugoslavia, her cousin, where his father for consent. It was speedily given.

A court circular said: "It is with the greatest pleasure that the King and Queen announce the betrothal of their dear daughter, Princess George, to Princess Marina, daughter of Prince and Princess Nicola of Greece, to which union the King has gladly given his consent."

Congratulations poured into St. James Palace from all parts of the world as the engagement became the universal topic of conversation. Society circles said it was probable the marriage would be in November or December, perhaps on Prince George's thirty-second birthday, December 20.

Among the congratulatory messages received at the palace was one from former King George of Greece, who resides in Great Britain.

### GREEK OPINION

Athens, Aug. 28.—Friends of the former royal family of Greece viewed with enthusiasm the announcement of the betrothal of Princess Marina to Prince George of Great Britain.

Many sent telegrams of congratulation to former King George of Greece who is in England. It was reported that monarchists felt the position of

the former royal family of Greece is strengthened by the match with a member of the British royal house.

Prince George visited Victoria during the tour of Canada, from coast to coast, he made in the summer of 1927. He touched Victoria again aboard ship in 1928 when returning home from a tour of Japan.

### AT VANCOUVER

Vancouver, Aug. 28.—Prince George, youngest son of the British royal house, whose engagement to Princess Marina of Greece has been announced, is well remembered in Vancouver. He visited this city twice—in 1927 and 1928.

On his second visit here, Prince George received a fracture of his collarbone while playing polo and was forced to cancel his itinerary in British Columbia.

### NEWS WAS SURPRISE

Belgrade, Jugoslavia, Aug. 28.—The engagement of Prince George of Great Britain to Princess Marina of Greece came as a surprise here when news of the announcement came from London.

All except those enjoying the confidence of King Alexander and Prince Paul, the King's cousin, who really promoted the match, were surprised by the announcement.

During his stay at the beautiful grounds of King Alexander's royal estate, Prince George and the princess enjoyed long solitary walks in the woods and bypaths of the mountains, taking motor trips in King Alexander's automobiles, and attending parties given by the King and Prince Paul in honor of himself and his bride-to-be.

The Greek royal house is closely related to that of the British Empire. King George I of Greece was a brother of Queen Alexandra, wife of King Edward VII, and was Marina's grandfather.

By THOMAS T. CHAMPION  
Canadian Press Staff Writer

London, Aug. 28.—Although several junior members of the British royal family have sought mates from abroad in recent years, Prince George, whose betrothal to Princess Marina of Greece was announced yesterday evening, is the first child of the sovereign to become engaged to a member of a foreign house in twenty-nine years.

Princess Maud, fifth child of Edward VII, in 1906 married Prince Charles of Denmark, now King Haakon VII of Norway. The couple spent much time in England before their accession to the throne of Norway. Queen Maud still maintains a house adjoining the British royal residence at Sandringham.

"This was the only marriage of a child of the Prince of Wales (afterwards King Edward VII) which came into touch with foreign politics," writes Sir Henry Lee in his "Life of Edward VII." "No political association was anticipated at the time, but twelve months later, when Norway was much international controversy over the choice of ruler for the newly-established state, Princess Maud's father, then King Edward, intervened with success in an endeavor to persuade the Norwegians to make his son-in-law their king."

PRINCESS LOUISE'S MARRIAGE  
Sir Henry Lee, in discussing the marriage in 1902 of Princess Louise, Edward's eldest daughter, to the Earl of Fife, records "conventional opinion was somewhat critical of the alliance of the prince's youthful daughter to one below her rank, much her senior, but the union of Queen Victoria's fourth daughter with the Marquis of Fife offered adequate precedent."

It is recalled the Earl of Fife was raised to the dignity of a duke in his marriage. It is expected Prince George will receive similar rank shortly. He is already older than any of his brothers when they received their titles.

FRENCH VIEWS  
Paris, Aug. 28.—News of the engagement of Prince George of Great Britain and Princess Marina of Greece was greeted with pleasure to-day in government circles.

It was stated little political significance was seen in the engagement since the Greek royal family has long been out of the political picture of Athens. Political authorities, however, said they felt the forthcoming marriage was likely to play some part in keeping Greece in the British orbit of influence and, perhaps, put a slight check on the wishes of Athens by Premier Mussolini of Italy.

A possibility also was seen in the restoration of the Greek monarchy. Prince George might be called to the throne in Athens.

MONTREAL EXCHANGE  
Exchange rates at Montreal at 3 p.m. E.S.T. to-day were:

Pound sterling, 94.00.  
United States dollar, 57 1/2.  
French franc, 6.50 1/2.

## Inflation Reports In U.S. Denied

(Continued from Page 1)

write off indebtedness, that is the "inflation" of inflation.

PARIS, Aug. 28.—France's fear of a "fifty-cent dollar" grew to-day following the speech of Henry Morgenthau, Secretary of the United States Treasury, which was nervously interpreted here as forecasting further inflation.

The dollar weakened here, but a major part of the gloom was caused by belief the pound sterling was likely to follow, thus fanning an already hot devaluation campaign in France.

As the gap between world prices and high gold prices is widened, both superiors and opponents of the cheaper franc agree French financial and economic problems have been made more acute.

In his speech in Washington yesterday evening, Secretary Morgenthau, speaking of the government's "gold profit," said:

"For the present this \$2,500,000,000 is under lock and key. Most of it, by authority of Congress, is segregated in the so-called stabilization fund, and for the present we propose to keep it there."

"But I call your attention to the fact that ultimately we expect this 'profit' to flow back to the stream of our other revenues and thereby reduce the national debt."

The "profit" in question accrued from a hoarding operation when the amount of gold fixed by law as the equivalent of one dollar was reduced from 23.22 grains to 13.71 grains. This meant that an ounce of gold was worth \$35.67 one day and the next had a value of \$35.

Just previously, the treasury had taken title to all the monetary gold in the country, paying for it at the \$20.67 rate. On every ounce, it made a "profit" of \$14.33, the difference between the purchase figure and \$35.

NEW YORK EXCHANGE  
New York, Aug. 28.—Weakness of the pound sterling and strength of the gold currencies in terms of the United States dollar confused Wall Street to-day.

It was clear important financial circles here were inclined to agree with the interpretation in London that remarks of Henry Morgenthau, Secretary of the Treasury, in a speech yesterday evening, were anything but inflammatory, despite the effort of some quarters in Paris to find inflationary implications in the secretary's statement that it was proposed to use the profit from gold devaluation.

The pound dropped in terms of the dollar more than 2 cents to close at \$5.04, and was even weaker against the French franc, yielding approximately 60 centimes in Paris to touch 75.5 francs, a record low for a wide margin.

The Canadian dollar was fairly steady at 10 1/2 cents.

The French franc closed here at 6.50 1/2 cents, off .00 1/2 cent.

CANADIAN PRESS  
London, Aug. 28.—The United States dollar gained 15-16 cent to the pound sterling here to-day, closing at \$5.04 1/2. It opened at \$5.03 1/2.

The French franc improved to a fresh record of 75.44 to the pound, compared with the overnight quotation of 75.25 on strong buying.

The price of bar gold advanced 3 pence to 130 shillings 4 1/2 pence (163.37) a fine ounce and an amount valued at \$165.00 (\$655.1025) was purchased.

Residents Flee As  
Oil Fire Spreads

(Continued from Page 1)

A fire yesterday caused twelve tanks to explode, a wide area, and shortly after midnight fourteen other big containers exploded. More than 100,000 gallons of gasoline of the National Oil Company, a Standard Oil subsidiary, spread over the territory.

HOUSES WRECKED  
Evacuation of Campana was speeded under the direction of marines and police. Houses in the city of several thousand were left standing. The explosions were felt in Montevideo and other Uruguayan cities, some as far as sixty miles away.

Damage to the refining plant of the National Oil Company was placed at \$2,500,000. The first series of shocks caused nearly \$500,000 damage in Campana.

Officials of the company said they did not know how the fire started. As the explosions continued, blazing gasoline spread down the Parana River. Firemen from Buenos Aires, forty miles away, and other nearby cities hurried to the scene, leaping from veritable lakes of oil and gasoline spreading over Campana, the river and the nearby swamps.

A spectacular blast from three square blocks of burning oil shot pillars of fire and smoke several hundred yards into the air, added to the panic.

Several tanks of gasoline were emptied into the Parana River as the fire threatened them, and for hours, sheets of flame shooting from the river's surface, threatened shipping.

REPORTER'S STORY  
Vicente Villanueva, a reporter for the newspaper, Noticias Graficas, who was an eyewitness, said "the town gave an appearance of disaster even exceeding its actual proportions."

"The panicky populace hurried into the country, as though the world were ending, and the wild reflections of the flames in the sky overcast by smoke, while gasoline emptied from several tanks blazed near the shore of the Parana River."

He said the townpeople's first thought was of an earthquake. At the town of Tacuari, thirty miles down the Parana River, into the distance after the first blast, thinking some public buildings had been bombed or a revolution had broken out.

Montevideo, Aug. 28.—M.E.S. Dumas, due to leave here at 6 a.m. this morning, was delayed in Montevideo, due to heavy fog at Vancouver. She left at noon.

In an exhibition soccer game last night, Vancouver, Cdn. defeated the Dumas eleven 3 to 1. Vancouver led by four goals to all at the interval.

The sailors staged a rally in the second period and registered three goals before Vancouver scored a fifth tally in the final stages of the game.

## NOVELIST TO BE CANDIDATE

(Continued from Page 1)

important of the lower party candidates who will appear on the November ballot.

JOHNSON NOMINATED  
In contrast with the many angled races for governor, Senator William Johnson, Independent Republican, completely overwhelmed his nominal opposition on the Republic and Democratic ballots. He was also nominated by the Progressive and Commonwealth Parties, the same which named Haight for governor.

The eighteen of California's twenty-eight electoral college members for the nomination of the Commonwealth Party were all leading of their own party tickets.

Height was unopposed, however, for the nomination of the Commonwealth Party and Progressive Parties and the strength he showed in the Republican contest indicated he may be a factor in the general election.

Acting Governor Morrison, a former Iowa who succeeded to the executive position as Lieutenant-Governor on the death of Governor James Rolph, has placed a conservative administration if returned to the office. He cited his action in placing National Guardsmen on the waterfront pending and during the recent San Francisco general strike, which he charged was fomented by Communists and alien radicals.

In Mississippi yesterday Democrats favored Senator Hubert D. Stephens for re-nomination (equivalent to re-election), but it appeared he would not have a clear majority, and consequently would be thrown into a runoff primary with former Governor Theodore G. Bilbo. Ross Collins was the third man in this race.

In South Carolina Olin D. Johnson, young politician, held an advantage over Cole L. Blease, former senator and governor, for the Democratic gubernatorial nomination.

These movements, Mr. Hungerford said, must be spaced to get heavy pressure on the voters.

The company is watching developments and experiments with new, light, stream-lined equipment, he said.

IRISH FARMERS  
OPPOSE SEIZURE

(Continued from Page 1)

Associated Press  
Dunhill, County Waterford, Irish Free State, Aug. 28.—Detectives fired volleys of revolver shots to-day over the heads of a crowd of hundreds of farmers who tried to block a shipment of cattle seized for unpaid annuities.

Two farmers were taken to hospitals with head injuries caused by police clubs. The farmers were infuriated and freely in an effort to impede the cattle drivers from loading the cattle on railroad cars.

TROPICAL STORM  
ON TEXAS COAST

(Continued from Page 1)

Prepared, Texas Aug. 28.—A tropical storm has been playing hide-and-seek with Texas coast cities for several days kept residents on edge to-day while weather observers sought to determine the location and direction of the storm.

Lashing first at Galveston with a forty-mile wind which caused no appreciable damage, the storm next struck southward toward the Gulf of Mexico, and shortly after striking a velocity of sixty to seventy miles an hour here, then abated and the storm struck out shore yesterday evening.

Chicagoans Jump  
From High Spots

(Continued from Page 1)

Chicago, Aug. 28.—Plunges from Loop buildings left two dead and one dying to-day.

Miss Patricia Rudin, twenty-eight, plunged ten stories to her death from a window in a store.

Peter Ostrowski, forty-three, leaped off six stories to his death from a theatre building.

Early to-day, Bernice Wojnarowski, twenty-seven, plunged from the forty-six-story observation tower of the Morrison Hotel, striking a ledge six stories below. She suffered a fracture of the neck, a fracture of one leg and internal injuries. Little hope was held for her recovery.

She was Chicagoan, as were the two who met death.

GRANT HALL  
PASSES AWAY

(Continued from Page 1)

Canadian Pacific Railway Company, Mr. Hall also held those of president of the Dominion Atlantic Railway, president of the Quebec Central Railway and director of the Canada Steamship Lines.

FUNERAL FRIDAY  
The funeral service will be conducted here Friday afternoon at 2:30 p.m. in St. George's Church in the shadow of the Windsor Station, where Mr. Hall had his office for 25 many years.

TRIBUTES FROM PRESIDENT  
Calgary, Aug. 28.—R. W. Beatty, C.P.R. president of the Canadian Pacific Railway, said he was "proud to have known Mr. Hall."

"Through the entire Canadian Pacific system the news of the passing of Grant Hall will bring with it a vivid sense of personal loss to thousands of our people who have known him and loved him over a long period of years. Unique in railway life in Canada, he was one of the outstanding figures of his time."

"He was about to retire from his office in a few months and we all had hoped he would have many years to enjoy in good health the secure and richly earned. For myself and for those of us more closely associated with him, it is enough to say

## HOME OF LONDON, ONT., CITIZEN, WHO WAS ABDUCTED

Above is a glimpse of the residence of John K. Leblond in London, Ont., where he is making his home while the police are pursuing the hunt for the man who kidnapped him and later released him, reportedly, on payment of \$25,000.

## Body Recovered From Crater

### ESTIMATES ARE FAR APART

Government and Opposition Give Views on Costs of New Deal in U.S.

Associated Press  
Washington, Aug. 29.—Henry Morgenthau's view of the cost of the New Deal in its first sixteen months may run as low as \$600,000,000 is expected to be a talking point in the United States fall election campaign. There appeared no doubt the figure, the Treasury head did in an address yesterday evening would be acclaimed by friends and assailed by foes. Morgenthau's estimate of the cost of the New Deal came by the two camps, have been billions of dollars apart.

## Japan Surveys Nickel Mines

Samples From Deposit in Kyoto Province Run Five to Ten Per Cent

By PERCY WHITTING  
Canadian Press Correspondent  
Tokyo, Aug. 29.—The first official survey of recently reported nickel deposits in Kyoto prefecture, made by twenty experts on authority of the Osaka Mining Administrative Bureau, shows the ore runs 5 to 10 per cent nickel. The deposit surveyed underlies an area of some 700,000 square feet (approximately 20,000 square feet) at Mount Oe, famous as the site of a legendary battle in which an ancient hero conquered a giant near Katsuragi in the old province of Tamba, West Central Japan. The deposit was discovered by Tetsuichi Hirasawa, well-known metal miner.

## EDMONTONIANS WANT TAXES CUT

Edmonton, Aug. 29.—Edmonton taxpayers have taken up arms against their city administration. In a mass meeting at which every one of the 1,600 participants had to produce an assessment notice to gain admission, they decided on a tax strike unless expenditures are cut and a tax rate of fifty mills is adopted. Reduction of taxation liability will be a drastic cut in expenditures are demanded. Edmonton's tax rate now stands at sixty-four mills, one of the highest in Canada.

A public investigation into city finances also was demanded, with the provision that if the taxpayers' request to the city council for an inquiry is not successful the government of Alberta will be petitioned to force one under the city charter.

A move to have a private municipal finance expert undertake an investigation, with Thomas H. Bradshaw of Toronto nominated for the job, was defeated.

SAVINGS FOR CITIZENS  
Edmonton, Aug. 29 (Canadian Press).—Interest cut of one-half of 1 per cent on federal loans will be passed along to Alberta cities by the provincial government. This means a saving of approximately \$77,000 in the cities over a year's period, it is unofficially estimated.

## Several Men Risk Lives, Two Being Overcome By Sulphur Fumes, in Rescuing Remains of V. F. von Normann, Student, Who Fell to Death in Crater of Mount Hood, Washington

Associated Press  
Government Camp, Ore., Aug. 29.—After a battle of sixteen hours, in which three rescuers nearly lost their lives, the body of Victor F. von Normann, twenty-two, University of Washington student from Hunt Point, Wash., was brought out of the sulphurous crater of Mount Hood yesterday afternoon. Mrs. Hugo P. von Normann, the youth's mother, met rescuers here, after they had brought the body down the mountain by toboggan and horseback to where a first aid car from the Portland fire department waited. Rescuers began late Monday morning when the body of the student was found in the rim of the crater, which is over 10,000 feet deep. The body was found in a crevice, and the rescuers had to climb down the rim of the crater, which is over 10,000 feet deep. The body was found in a crevice, and the rescuers had to climb down the rim of the crater, which is over 10,000 feet deep.

## DRIVEN BACK

Amma Fabian, packer for the U.S. Forest Service, made the first attempt to rescue the body of the youth, climbing down into the pit with an improvised mask three times before he was driven back. On his last attempt he was driven back by sulphur fumes. He was driven back by sulphur fumes. He was driven back by sulphur fumes.

Two Overcome  
Leach and Paul Williams, forest lookout, were lowered by ropes to the ledge on which the body of von Normann lay. Leach and Williams, who were lowered by ropes to the ledge on which the body of von Normann lay.

## KIDNAP STORY INVESTIGATED

New Jersey Man Says He Was Kidnaped; Wife Denies Story  
Associated Press  
Camden, Aug. 29.—Investigation of a kidnapping story told by Ralph Reed, thirty-eight, New York resident, who says he was kidnapped in New York and taken to New Jersey, will be continued today.

Although Reed said his father paid the ransom that brought his release, and his brother, Irving, declared he understood the money was paid, the alleged abduction victim's wife denied any money had been paid.

## JAPAN'S NAVAL VIEWS STATED

Ready to Abrogate Treaty Unless Powers Consider Her Scheme

Associated Press  
Tokyo, Aug. 29.—Japan will abrogate the Washington Naval Treaty of 1922 unless other signatory powers give evidence of a favorable disposition to a new scheme for limitation of armaments which Japan will propose, a Foreign Office spokesman stated today.

The spokesman indicated the proposal would be made during London discussions preliminary to the 1935 Naval Conference and that the attitude of the powers during and after this conference would be closely watched.

Japan's proposals will involve replacement of the Washington and London pacts by a new method replacing the present ratio scheme, which limits the tonnage and caliber of guns of battleships and cruisers, and that Japan intends to terminate, the spokesman said.

Nevertheless our proposals will be drafted in accordance with the spirit of disarmament and for the purpose of curbing armaments.

The spokesman declined to discuss whether the proposals included the principle of equality among the powers.

"That is a card we must keep up our sleeve," he said, adding that it was premature to discuss the definite character in detail of Japan's limitation scheme.

## DEPARTMENT REORGANIZED

Ontario Government Reduces Number of Employees of Agricultural Branch

Toronto, Aug. 29.—Reorganization of the Ontario Department of Agriculture and Forestry was approved yesterday by the cabinet. Those who will be dismissed are: W. C. Noon, Ontario Agent in Great Britain; G. A. Elliott, director of extension and home economics; and other members of the London staff.

The list also includes ten members of the staff of the Agricultural Experiment Station, and ten members of the staff of the Ontario Agricultural College at Guelph.

Premier Mitchell F. Hepburn said he would not estimate the saving in the department, but none of the positions would be refilled.

The new department of cutting and weeding and reorganizing departments also extended into the center board and supervisors' boards. It is expected the reorganizations of agricultural boards of supervisors will be asked for shortly.

These boards of supervisors have been administering affairs of municipal corporations and were appointed by the former Conservative government.

The new Department of Municipal Affairs, it is understood, contains the necessary machinery to handle the question which will arise from abolition of the boards.

J. B. Macdonald was appointed chairman of the board of council to succeed Mayor J. C. Boyle. Mr. Macdonald has been a board member for several years.

The whole personnel of the Niagara Falls Commission was changed, with Hon. T. B. McQueen, Minister of Highways, made the new chairman.

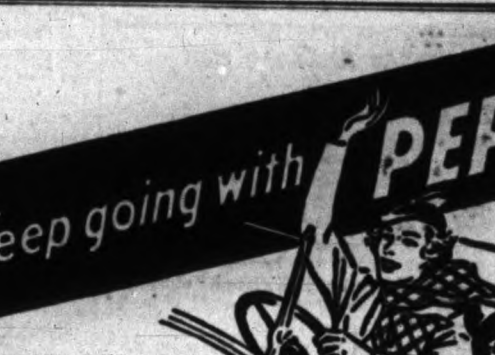

## French Bakeries' Holidays End

Canadian Press from Paris  
Paris, Aug. 29.—In order to increase French bread consumption and, at the same time, do away with stale bread, Henri Queuille, Acting Minister of Interior, yesterday ordered all bakeries to bring out new loaves of bread, which have been closing one day weekly.

The order was issued because of reports indicating the consumption of bread declined 30 per cent when bakeries were closed and the population had to be satisfied with stale bread.

## Roosevelt Government Satirized In Painting

Mural Done By Artist Paid With Federal Relief Funds Is Hung in New York Fine Arts Gallery

New York, Aug. 29.—The New York Times says a mural on painting financed by federal relief funds and satirizing the Roosevelt administration has been placed in the permanent exhibit of the Westchester Institute of Fine Arts. The artist, employed as a relief worker by the Public Works Administration, signed himself "Jeremiah II," the newspaper says, and the president of the institute, Charles A. Birchfield, would not disclose his name.

The Times says the painting is eight feet by four feet, and combines the skill of a cartoonist, caricaturist and painter.

President Roosevelt is depicted speaking into a series of microphones, holding the shaft of one with his right hand and a fishing line with his left hand. There is a crown on his head.

On his left stands Mrs. Roosevelt, wearing an evening dress and a paper crown. From her left hand drops a mass of papers.

Playing cards, all deuces, are scattered before the President on a table. There are also two dolls, one, a woman, shown in the act of tossing a paper man into a wastebasket, and the other, a youth, tossing a paper woman into a wastebasket.

IN CLOWN'S SUIT  
A figure which The Times says represents Secretary of the Treasury Morgenthau, is juggling money. He wears a clown's suit. Behind him, supplicant hands reach up from a pool of water.

Secretary of Agriculture Wallace is represented trying to strangle Cereals of the Harvest, and Secretary Frances Perkins of the Labor Department, is performing a balancing act with William Green, head of the American Federation of Labor.

An officer is stripping "Mr. Citizen" of his shirt. His home and possessions already are in a wastebasket. "Uncle Sam" hangs from a cross. Vultures hover over all.

Birchfield said his organization does not subscribe to the doctrine depicted. It is a school of fine art, opened last spring, privately supported.

## Liberals State Proposals

Leaders of Party in Great Britain Publish Little Pamphlet

Canadian Press from Lyons  
London, Aug. 29.—A daring for a greater line of demarcation between Liberals and Laborites was set today in the issuing of a little brochure entitled "The Liberal Way," published by the National Liberal Federation under Sir Herbert Hoover.

Regarded as a Liberal bid for existence distinct from that of the Labor Party, the brochure warned against the rise of Socialism while adopting some of its tenets.

"We know the evils that spring from capitalism. We have not expected those that spring from state control or Socialism," said the pamphlet.

"But the former can be checked or amended by wise laws. The latter cannot, for in Socialism the state is identifying with the management of industry."

MINIMUM WAGES  
At the same time the "Liberal Way" demanded:

Minimum wages for workers by agreement between employers and employees, to be enforced by law. Participation by workers in the profits of the industry after deduction of a reasonable sum as the income of capital.

Setting up of workers' councils having consultative voice in all questions arising out of relations between employers and employees.

The brochure called for closer ties between Britain and the Dominions on the basis of war. "If any of the agreements into which Britain has entered should lead to war," it said, "the Dominions would be involved unless they chose to withdraw from the empire to avoid commitment."

The latter stand was in direct opposition to the speech made by General Smuts recently affirming the Dominion's freedom of decision and action.

## LIQUOR MONEY IN POLITICS HIT

Elimination of Private Manufacture of Intoxicants Urged By Presbytery

Political and political parties in British Columbia who allegedly use campaign funds from distilleries and other whisky liquor interests came in for criticism at the meeting of the Victoria Presbytery of the United Church of Canada, held on its New Year's Eve at the West United Church this week.

A large part of one session was devoted to discussion of the liquor situation in B.C. In the end a resolution was adopted favoring the elimination of private interests in the manufacture of liquor and asking the government to submit a plebiscite on the subject to the voters of the province.

A. Debono, a student minister, told of the encouraging summer work he had conducted with services and someone for the summer colonies on Colliards Island. He proposed that the C.P.A. be asked to allow Sunday services to be held on its New Year's Island resort where thousands go on excursions every Sunday for sports and amusements.

The Presbytery decided to increase by 5 per cent to a total of \$21,000 the money to be raised by its members for missionary benevolence and educational work during the current year. Rev. W. P. Bunt of Nanaimo, chairman of the committee making the allocations among the churches, expressed appreciation of the way the report was accepted.

Rev. E. R. Arrol of Parksville, residing chairman, opened the session. Rev. M. J. Armstrong, M.A. of St. John's Church, Victoria, succeeded as chairman. Rev. Thomas Keyworth

## DOCTOR MAY EXPERIMENT ON OWN SONS TO PROVE FAITH IN VACCINE AGAINST CHILDHOOD SCOURGE

"I would not hesitate to use the vaccine on my sons," Dr. John A. Kellner, professor of medicine at Temple University in Philadelphia, asserted in announcing that he had discovered a preventive vaccine for infantile paralysis. If further laboratory tests of the new discovery verify his claims, Dr. Kellner may inject the devitalized virus of the disease into the systems of his boys, John Jr., fifteen, and Joseph, eleven, with whom he is pictured above.

of Sidney was re-elected secretary, with Rev. W. R. Brown as treasurer, and Rev. J. H. A. Barr as assistant secretary.

New members of the Presbytery were introduced as follows: Rev. J. W. Anderson of Victoria, Rev. T. C. Colwell of Cowichan Lake, Rev. Chow Ling of Victoria, Rev. Thomas Men-

nie, ex-M.P.P., returning from leave of absence, and Rev. J. Kinney.

Rev. M. F. Ely of Union Bay was given leave to retire for a year. Rev. W. A. Alexander of Pender Island was granted leave to apply for superannuation. Basil Marley had his application to enter the ministry referred to a committee for report.

## LOWER RATES OF INSURANCE

Forecast By B.C. Superintendent in Annual Report To-day

Twelve insurance companies ceased to do business in British Columbia during 1933, four new companies were registered and there are now 225 companies

## SUCCESSOR TO DOLLFUSS EUROPE'S MAN OF FATE

Chancellor Schuschnigg, Inheritor of Blood-stained Shoes, Is in Position to Write Historic Chapter Vital to World's Future

London, Aug. 29.—Kurt Schuschnigg—it is a name to be carefully planned in one's memory, because upon the life, fate and deeds of this young man much of current history in eastern Europe is going to depend.

For the moment he is Chancellor of Austria—inheritor of the shoes of the late Dr. Dollfus, stained with the blood of the crushed Socialist legions and of his own blood, when Nazi assassins shot down the head of the Austrian government.

No young man in modern history ever came into a worse of more fate-ful legacy—headship of a distracted little country, unable to stand on its own financial feet, shaky on the national basis, torn by violent hatreds, feuds and murderous impulses.

Scattered thick all over Austria, with cells everywhere, are the Austrian Nazis looking to Germany for support and financial aid in awaiting the day when they can grab power.

MUSCULANT ONLY BACKER

In such a critical period, Dr. Schuschnigg will have to display the agility of a walker on eggs and has only one potent friend in the entire world—Benito Mussolini, Fascist head of Italy.

When Dollfus fell, there was many who thought his mantle might cover the shoulders of Prince Starhemberg or Major Fy.

The Prince, a tall, handsome noble, bearing one of Austria's greatest names, saw service in the world war, took part in the Kapp putch in Germany and then devoted himself to building up the Austrian army into the strongest military force in the country.

Major Fy, a hard-bitten soldier of forty-eight, decorated during the world war with the highest Austrian order, is head of the Vienna Heimwehr.

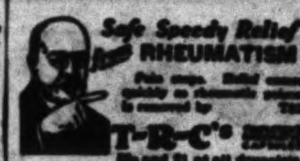

Both men stood aside for Schuschnigg and for the moment are legally supporting him as cabinet ministers. It was the logical thing to do because the new Chancellor stood closer to Dollfus and knew more of his plans, ideas and purposes than anybody else.

CONTRAST IN ORIGINS

There is a strange friendship, beside of the contrasts in origin. Dollfus came of aristocratic parents. Schuschnigg is the son of General Arthur von Schuschnigg, a spry of old Tyrolean nobility. Both young men served in the world war. Both were good Catholics. Both hated Hitlerism. Both opposed annexation to Germany. Dollfus was suspected of a tendency for socialism, but Schuschnigg is an ardent avowed monarchist.

The new Chancellor was born thirty-six years ago in the Tyrol. After being educated at Padua and Innsbruck, he joined the army during the war and won several decorations before the Italians took him a prisoner.

In 1919 he started to practice law

opening. It is pointed out in the report of H. G. Gossett, superintendent of insurance for British Columbia, made public to-day.

Insurance business recorded during 1933 amounted to: Life, \$12,350,000; fire, \$4,100,000; automobile, \$1,400,000, and other classes, \$1,900,000, making a total of \$29,750,000.

In 1933 the figures were: Life, \$12,300,000; fire, \$4,100,000; automobile, \$1,400,000, and other classes, \$1,900,000, making a total of \$29,700,000.

"We take into consideration the innumerable ways in which the public and business have been subjected to loss and strain by the depression, we might have expected the figures for 1933 to have been very much lower than they are," comments Mr. Gossett.

"The last few years," he adds, "have demanded the use of the pruning knife and the microscope in insurance organization, and life insurance in particular has probably escaped the temptation and danger of living on its past achievements."

"I look for improved methods and lower cost of doing business, tending ultimately to lower rates for better protection."

Fire, automobile and casualty classes reflect lack of business and lower values, but, as a pleasing offset, decidedly reduced percentages of losses, the report notes. The competition for business at any price is forcing the principle of sound underwriting.

The report also notes that the "credit evil," that is to say, the writing of insurance policies that are in force but for which no premium is ever paid, and the lax remission of premiums by agents who have collected them or are responsible for remission, has received much attention for several years.

The superintendent notes he has called for a return of premiums in arrears from all companies and they will be considered at a conference in September. The results will be considered at the conference and a return of this kind may be permanently adopted.

The report mentions there are 608 real estate agents and salesmen in the province.

## For School Wear Great Values In Hosiery

A Special Purchase of Children's Golf Hose Thursday Per Pair 39c

## Women of Moose Staged Picnic

With about 100 members, friends and brother Moose taking advantage of Sunday's ideal weather, a most successful and enjoyable picnic was staged by the Victoria Chapter No. 28, Women of the Moose, at Green Beach. Mr. B. Drysdale kindly provided a truck. Tea, milk and supper were provided, also ice cream, candy and fruit were distributed. The afternoon was spent in swimming and fishing, and a fine programme of sports preceded supper. Being carried through by Miss D. Guelph, Messrs. J. Pearson, O. Guelph, P. Moulton and S. Harrison. Winners of various events were: Boys, four to six, Desmond Bolton; boys, eight to ten, Raymond Burke, Norman Nurse; girls, eight to ten, Bernice Kelly, Doreen Fisher; boys under sixteen, Andre De Guelph, Mel Lumley; girls under sixteen, Marion Drysdale, Lorraine Laidlaw; men's race, W. Lumley; roller race, Mrs. Larmen; wheelchair race, Mrs. Jean Lumley and Mel Lumley.

## EDUCATION BY RADIO TOPIC

## Dr. Dorothy Turville Introduces Subject at University Women's Convention

Canadian Press  
Winnipeg, Aug. 28.—Dr. Dorothy Turville, of the University of Western Ontario, today stressed to the Federation of University Women meeting here the difficulty of "accomplishing constructive education by means of radio as long as it is government-controlled."

The Federation's final meeting is being held today.

Dr. Turville declared that "people will pay no serious attention to that which they believe to be political propaganda." Other difficulties, she said, were the lack of an international language and the divergence in time zones. The remedy, she said, lies in an international organization of educational authorities.

Miss Jean Montgomery, of the University of Alberta department of extension, dealt, in a paper, with "Intelligent Learning."

Miss Lella C. Scott, Toronto, convener of the committee on international relations, reported on work done toward assistance in world disarmament.

A list of Canadian women competent to serve on League of Nations committees was drafted and supplied to the International Women's University Federation, and a tendency to appoint men rather than women was pointed out by the Canadian Federation, and a tendency to appoint men rather than women was pointed out by the Canadian Federation, and a tendency to appoint men rather than women was pointed out by the Canadian Federation.

## Instantly Checks Eye Irritation!

When exposure to sun, wind or dust has irritated your eyes and caused them to burn, bleed, or apply a few drops of Murine. Almost immediately the irritation will cease and before long the bloodshot condition will disappear. 150 applications of this entirely harmless liquid will not cost you a cent.

## MURINE YOUR EYES

## NURSING STAFF REORGANIZED

## Sisters Mary Gregory and Mary Beatrice Back From East With Degrees

## Return to St. Joseph's As Superintendent and Instructor of Nurses

Following out the aim of St. Joseph's Hospital to give and to produce the best, and to teach in the same manner, two important appointments were made yesterday in the nursing staff for the coming year, when Sister Mary Gregory (Hughes) resumed her post of superintendent of nurses, and Sister Mary Beatrice (Wambach) was named instructor of nurses.

The new class who will enter the training school on September 8 are particularly fortunate in this choice of appointments, since both sisters have just returned from a year spent at the College of St. Theresa, Winona, Minn., where they recently received their degrees of B.S. in nursing from this institution, which since 1918 has held the highest nursing position of attainment by an American College, namely, accreditation by the Association of American Universities. Alumni of St. Theresa's are thus entitled to reciprocal scholastic and academic privileges in the great universities, not only of America, but of Europe and the Orient.

When the North Central Association appointed a committee of five to draft new standards for colleges and universities, St. Theresa's represented all the Catholic colleges in the association at the conference. Staffed by the Sisters of St. Francis, a non-dissecting teaching order, which formed the nucleus of St. Mary's Hospital, and which hospital is now affiliated with St. Theresa's, the college is situated at Winona, Minn., a three-hour journey from St. Paul, and one-and-a-half from Rochester, Minn.

Sisters M. Gregory and M. Beatrice were privileged to follow the routine of St. Mary's Hospital, Rochester, for practical training, practical teaching, school of nursing and hospital administration, together with the practical work of the wards, as well as studying these subjects outlined in the course of studies leading to the degree of B.S.

Attending St. Theresa's during the past year the student body comprised representatives of twenty different states, seven foreign countries, and members of ten different religious communities. Prior to their journey to St. Theresa's, Sister M. Gregory and Sister Mary Beatrice studied at Gonzaga University, Spokane, for several periods, and have now completed the required year's residence in college before obtaining their degrees. Their hosts show the traditional black and white for arie, yellow for science and green for medicine.

## MONTREAL TO GREET FRENCH

## European Delegates to Carlier Celebration to Journey From Quebec

Canadian Press  
Quebec, Aug. 28.—Visiting French delegates to the quarter-century Jacques Carlier celebration were preparing today to cut short their stay in Quebec's historic capital and proceed to Montreal and Ottawa. After a visit of several days in which they were guests at numerous receptions, free delegates will proceed to Montreal tomorrow, leaving for Ottawa Sunday evening.

Yesterday delegates paid homage to General de Charbon, founder of Quebec City, by placing a wreath at the foot of the monument on Dufferin Terrace.

Later in the afternoon the Duc de La-Montpelier laid a wreath on the monument erected to the memory of Gen. Montcalm, the heroic French soldier who defended the Plains of Abraham against the British in 1759.

Lithuania, the Swedish botanical derived a flower clock, being it on the bank of various flowers closing their petals at the same time every day. Different flowers were used for each hour.

## Divorce Reported Costly

The divorce party held on Friday evening in the I.O.O.F. Hall, Douglas Street, to mark the twelfth anniversary of the institution of Queen Elizabeth Lodge No. 48 was a great success. The guests of honor were Mr. and Mrs. J. Wilby, in whose home the lodge first originated, and Mr. and Mrs. Nelson, visiting here from Glenora, Cal. Mrs. Wilby and Mrs. Nelson were presented with bouquets of gladioli, and also presented to the tribute paid them by Mrs. R. Livingstone. Mr. Wilby and Mr. Nelson also voiced their appreciation. The lodge members then retired to the banquet hall, which was illuminated only by the candles on the birthday cake. When the lights were turned on they revealed a daintily decorated table in a cozy atmosphere of red, white and blue, arranged in a small table. Mrs. Wilby cut the cake. A corn supper and cake was prepared by the social committee and enjoyed by all. During the evening musical whist was played, the prize winners being Mrs. M. Anderson, Mrs. J. Guelph, Mrs. Bala Taylor and Miss Thelma Smith, winners of first prize, and Mrs. M. Phipps, Mrs. C. Gordiner, Mrs. J. Brown and Mr. P. Taylor, second prize winners.

## Divorce Reported Costly

Mr. and Mrs. MacBrynes of the Provincial Police at Mission City, B.C., is spending a holiday with his parents, Mr. and Mrs. W. A. MacBrynes, 370 Beach Drive.

Miss Dulce Hamlet, Amphion Street, has returned home after spending the last month with her sick mother, Mrs. Llewellyn Thomas, at her camp, "Miramichi," Mill Bay.

Mrs. M. A. Barnes, formerly of Langford, who has been staying recently at Chambers Street, has taken up her residence at 726 King's Road, Victoria.

## Young Doctor Married Here

## Miss Clara Castle Bride of Dr. Eric Austin, Medical Missionary

## Left for Scotland After Ceremony Here Yesterday Evening

A wedding of much interest in United Church mission circles throughout Canada was quietly celebrated at the home of Mr. and Mrs. W. M. Scott, 425 Mitchell Street, yesterday evening, when Miss Clara Castle, daughter of the late Mr. and Mrs. G. L. Castle of Dauphin, Man., became the bride of Dr. Eric Austin, son of the Rev. G. P. Austin of Montreal, Man.

Rev. Dr. Gerald Switzer performed the ceremony in the presence of a few intimate friends of the bride and groom. Miss Lillian Perry was the bridesmaid and Mr. Robert Dwyer supported the bridegroom.

The bride looked charming in her wedding gown of eggshell crepe-back satin, made with a lace cape effect, with which she wore a necklace of pearls and carried a shower bouquet of roses and carnations. The bridegroom wore a tuxedo with a white shirt and a white bow tie.

Dr. Austin is a well-known young medical missionary of the United Church and has been working on the mission boat Thomas Crosby, working out of Bella Coola. For a time he was an intern in the Vancouver General Hospital.

Dr. and Mrs. Austin left on the R. P. Alexander yesterday evening for San Francisco, on the first part of a honeymoon trip via the Panama Canal to Great Britain, where Dr. Austin will take a post-graduate course for his F.R.C.S. at Edinburgh University.

## A Modern Eve Vintage 1934

A modern Eve in a California Eden is Ethel Byrne, St. Helena Cal., posing here with the prize winner of the last vintage grape yield. She was this season at a feature attraction at the St. Helena vintage festival, served after prohibition, spent in celebratory new vintage property.

## Young Doctor Married Here

## Miss Clara Castle Bride of Dr. Eric Austin, Medical Missionary

## Left for Scotland After Ceremony Here Yesterday Evening

A wedding of much interest in United Church mission circles throughout Canada was quietly celebrated at the home of Mr. and Mrs. W. M. Scott, 425 Mitchell Street, yesterday evening, when Miss Clara Castle, daughter of the late Mr. and Mrs. G. L. Castle of Dauphin, Man., became the bride of Dr. Eric Austin, son of the Rev. G. P. Austin of Montreal, Man.

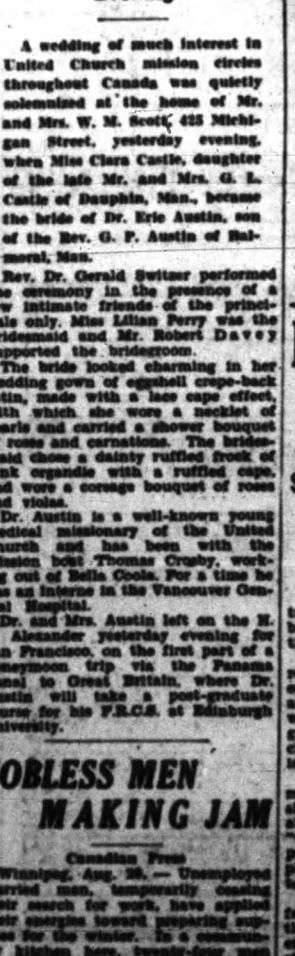

Rev. Dr. Gerald Switzer performed the ceremony in the presence of a few intimate friends of the bride and groom. Miss Lillian Perry was the bridesmaid and Mr. Robert Dwyer supported the bridegroom.

The bride looked charming in her wedding gown of eggshell crepe-back satin, made with a lace cape effect, with which she wore a necklace of pearls and carried a shower bouquet of roses and carnations. The bridegroom wore a tuxedo with a white shirt and a white bow tie.

## "OH, YOU ARE GETTING FAT!"

Woman's Action After Friend's Remarks

NOW SHE'S 40 LBS. LIGHTER

If you are one who hears remarks from friends about "getting fat," you will naturally be inclined to hear this woman's story. Fortunately, it had a happy ending. Here is her letter—

"I had put on weight gradually—over 100 lbs. in six months—until my friends kept saying to me, 'Oh, you are getting fat.' I had a small waist, and nearly had a fit. I was 170 lbs., and I am only 5 ft. 3 in. in height. Then I saw an advertisement for Kruschen, and I thought I would try it. I did so, and to-day I weigh 130 lbs., and feel better. I continue to take Kruschen, as I find it is still reducing me, and I wish to lose a little more weight. I am recommending Kruschen to all my friends."—(Mrs.) T. W.

Kruschen is an ideally balanced blend of six separate mineral salts. The formula represents the ingredients of the mineral waters of Carlsbad, Ems, Kissingen, and other well-known European spas, which have been resorted to for generations by the over-weight. Only in Kruschen can you get this precise combination of salts. The exact correctness of the formula of

every batch of Kruschen is checked by a staff of qualified chemists, before it is passed for bottling.

Kruschen combats the cause of fat by assisting the internal organs to throw off each day those waste products and poisons which, if allowed to accumulate, will be converted by the body's chemistry into fatty tissue. Thus, Kruschen acts upon surplus fat only; if you have no excess weight to lose, you cannot lose weight with Kruschen.

Kruschen Salts is obtainable at all Drug Stores at 45c. and 75c. per bottle.

## ON HOLIDAY FROM ARCTIC

Mrs. E. Paisley and Baby Daughter Have Arduous Trip Out

Canadian Press  
Edmonton, Aug. 28.—The chill winds and low temperature of the Arctic did not seem a thing to the mother and her two-year-old daughter, June, who arrived in Edmonton recently to start a year's vacation from their home at Cambridge Bay, on the northwest end of Victoria Island off the Beaufort Sea.

It took them nearly two months to reach Edmonton from their northern home. They walked ten miles along the rocky coast of Victoria Island with halibut carrying their luggage before they reached water sufficiently open to allow them to use an open boat with a motor engine. Then they travelled for two days to where the freight ship of Capt. Paisley, had been frozen in what caught in the ice last fall.

A storm was blowing as they sighted the vessel and they had to lay to until the winds abated. "We were out of food and had to sleep on the rock in the storm," said Mrs. Paisley. "When we did board the ship we were held ten days in the ice before we could get away to Cochinich to take the plane to Edmonton." They left their home on June 18, and arrived in Edmonton August 18.

Little June was born at Cambridge Bay in the Arctic circle on February 22, 1932. Her father has charge of the Canadian Trading Company's Arctic post there and ships the trading ship freight, meaning "Wild Goose" in Eskimo.

The nearest doctor and the nearest white woman to the Paisley's home are at Akluvit, 1,000 miles away. June plays with the Eskimo children and consequently speaks their language as well as English.

Mrs. Paisley came from England to Canada where she was station wife for the Canadian Pacific Railway. She was married and moved him in 1920 to Cambridge Bay. She has a dog team, and the only other white people at Cambridge Bay besides the Paisleys are two R.C.M.P. constables and two traders.

## FEATHER IN HER CAP

Typical of the new fall afternoon and dinner hats is this Rose Vahls model by Joseph Vahls. The crown is trimmed with tiny feathers in light yellow, orange and reddish color combinations.

## MODEL OF CHORUS

By IRAN THOMAS

Hollywood, Aug. 28.—She is five feet four and one-half inches tall.

Look over all the 500 girls that make up the famous Busby Berkeley chorus in modern screen musicals, and you have this "comet"—blonde, blue-eyed, See Bailey.

weighs 115 pounds, has blonde hair and blue eyes.

Her education includes two years at college. Besides being self-supporting, she contributes to the support of

## MODEL OF CHORUS

By IRAN THOMAS

Hollywood, Aug. 28.—She is five feet four and one-half inches tall.

There probably is not a group of girls in the world to-day as famous as the Berkeley chorus. They are to the screen what the Equestrian team is to the stage.

Of course, that does not mean that all the 500 girls conform exactly to these specifications, any more than it means that any girl of such description could find a place in the Berkeley chorus. Each girl is an individual and is placed as such. Some are taller than others. Some are brunettes, some red-heads.

But it is a girl of a girl who might go places in pictures. She is quite a number of our younger actresses have started as chorus girls. Perhaps by next year the requirements will be totally different. Who knows?

## HOLLYWOOD CALLS BRITISH WRITERS

Associated Press  
Hollywood, Cal., Aug. 28.—English movie writers must come to the United States for recognition, say W. P. Lipscomb and J. J. Blum, who arrived in Hollywood yesterday.

They are here to adapt for pictures their play, "Clive of India," which will be produced by Twentieth Century.

"Our play is in its ninth month in London," says Mr. Lipscomb, "but the best movie offer we had was \$1,000. 'Clive of India' came along and offered us four times as much and the privilege of coming here to adapt it."

When we told it to Mr. Zanuck, movie people criticized us, saying we had not done the right thing by the British picture business."

"Clive of India," based on one of England's most noted historical characters, will star Ronald Colman.

## JURY'S RIDER ON CHILD'S DEATH

Canadian Press  
Vancouver, Aug. 28.—Accidental death with no blame attached to anyone was the verdict returned by a coroner's jury at the inquest into the death of five-year-old Amy Iredell, Japanese, Powell Street, who was fatally injured when she was crushed under a Vancouver harbor commission switch train at the foot of Hastings Avenue on Saturday.

In a rider to the verdict, the jury recommended that an educational campaign be undertaken by the Port of Vancouver Association in respect of children trespassing on the railway tracks.

## BOY IS SAVED BY FIREMEN

Lad of Nine Found in House, Overcome By Smoke As Flames Spread

Canadian Press  
Vancouver, Aug. 28.—Johnny Jones, aged nine, son of Mr. and Mrs. W. G. Jones, Victoria Drive, owed his life to-day to city firemen.

The fire-burners burst in the doorway of the dwelling and, while some fought the blaze, others searched the rooms for possible tenants. They found Johnny, sufficed by smoke, and carried him to the open air and safety. He responded immediately to first aid.

Considerable damage was done to the contents and walls of the home before the fire was extinguished. Its origin has not been determined.

## LAST POST FOR WAR SISTER

Death of Nurse Katherine Barden Recalls Gallant Service Overseas

Canadian Press  
Montreal, Aug. 28.—The death of Nursing Sister Katherine E. Barden at the Military Hospital, Ste. Anne de Bellevue, removes another Canadian who served overseas during the Great War. Miss Barden was in France four years with No. 3 Canadian General Hospital at Le Treport. During the severe fighting in the spring and summer of 1918, she was six months at an advanced casualty clearing station. Her service in that period won her mention in dispatches and the Royal Red Cross.

After the war Miss Barden joined the staff of the military hospital at Christie Street, Toronto. In 1926 she was transferred to Ste. Anne de Bellevue, where she was on duty at the time of her death. Burial took place at the Pointe Claire Field of Honor.

Born in Quebec, a daughter of the late Mr. and Mrs. Richard Barden of that city, Katherine Barden was a graduate of the Ursuline Convent in Quebec and the St. Vincent Hospital, New York. She is survived by four sisters, Mrs. W. G. McConnell and Mrs. L. C. Denis of Montreal, and Mrs. E. P. Jones and Mrs. T. R. O'Brien of Quebec.

## BOY IS SAVED BY FIREMEN

## Prairie Farmer Is Held For Sentence

Canadian Press  
St. Louis, Mo., Aug. 28.—Pelling with a heavy sack by which the manager brought down on him Joseph Anthony Ote, Lloydminster district farmer, pleaded guilty in magistrate's court here yesterday in attempting robbery of the Canadian Bank of Commerce branch in Lloydminster last Monday.

A picture of deception, the would-be bank robber was remanded till September 6 for sentence.

Pelling's Ote made his written demand of \$1,000 so as to purchase land near Lloydminster which he had been leasing.

## HEIRESS IS FOUND ON WAITRESS JOB

Langford

A missing heiress who says she has learned a lot about hard-earned money, above, was found working in a roadside restaurant near Coldwater, Mich., ending several days' hunt for her after she left Michigan University summer school on the eve of test. Daughter of a wealthy Detroit couple, she said she wanted to earn her own way.

## LANGFORD

Mr. and Mrs. MacNeil, who have been spending the summer at Happyhome, Langford Lake, have returned to their home in Victoria.

The members of St. Matthew's Guild will resume monthly meetings September 6 at the home of Mrs. H. P. Duck, Station Road, at 2:30 o'clock.

## Sister MARY'S KITCHEN

NOW SCIENCE PUTS O.E. ON TOAST

By MARY E. DAGUE  
The scientists have recently had toast up for trial in the laboratory. And they found out some interesting items.

We have known for some time that the heat of toasting acts on the starch in bread, changing it to sugar, or "dextrinizing" it, and thereby shortening the time required for body digestion. But might the toasting heat be harmful to the protein content of the bread and so counteract the good effect on the stomach? That is what the experts wanted to know.

Their tests have shown that the protein of toasted bread is as completely digested as the protein of untoasted bread, so the evidence is all in favor of toast.

ELIMINATES POTATOES  
That is good news, since toast is so useful to us housewives. Many important chefs in the great hotels and restaurants throughout the country serve lamb chops, broiled chicken, broiled salmon, mushrooms, asparagus and any number of foods on toast.

Potatoes are unnecessary when toast figures in the menu. Scarcely a week ago, above, was found working in a roadside restaurant near Coldwater, Mich., ending several days' hunt for her after she left Michigan University summer school on the eve of test. Daughter of a wealthy Detroit couple, she said she wanted to earn her own way.

## FLAPPER FANNY SAYS

A dumbbell is a co-ed who hasn't gotten any wiser between semesters.

crisp and delicately browned. Do not butter, but serve sweet butter with it. Sweet butter, as you know, is made with sweet cream and is unaltered. Cinnamon toast is a universal favorite with children and grown-ups alike. I use one teaspoon cinnamon to three teaspoons granulated sugar. Spread hot toast with butter and sprinkle generously with the mixture of cinnamon and sugar.

Maple breadsticks are different and delightful. Use light brown sugar if you have no maple in the house. Cut bread in one-inch strips and trim off crusts. Butter on all sides and roll in maple sugar. Toast in a moderate oven, 350 degrees F., until brown.

## New Programme Starts Sunday

Under the title of "The House By the Side of the Road" a new musical and dramatic programme will be on the air over CBC next Sunday. Tony Wons is the star of the programme, which is sponsored by S. C. Johnson and Son, of floor wax fame, and which will be heard over stations KGO and KQMD of the NBC, at 2:30 p.m. CRCT, Toronto, or CFCP, Montreal.

## ELBOWS REQUIRE CARE

Entire Forearm Should Be Included In Manicure Treatment

By ALICIA HART

THE REALLY de luxe manicure does not end with the fingernails. Or maybe it is better to say that it does not begin with them. For the smart woman—one who wishes to be perfectly groomed—knows that hands and arms should come in for their share of attention whenever she beautifies her nails.

When you are ready to give yourself a manicure, get out—in addition to polish remover, cuticle oil, nail file, orange stick, cotton and polish—a nail brush, half a lemon, a piece of pumice and a jar of rich cream. Remove every trace of old polish and then scrub your arms, elbows and hands with the nailbrush and a thick soap suds. Rinse, dry and rub the lemon on hands and elbows.

If there are small calluses on the sides of your fingers, now rub them with pumice. Do not rub too hard. You can't expect the first treatment to remove each callus. When you have finished manicure, nourishing cream upward from fingertips to elbows. Leave the cream on until you have finished manicuring.

When the nails have been filed into shape, soak them in warm, soapy water and, using a cotton-wool swab, apply cuticle remover around the base of each nail. Push the cuticle backward—never cut it. Now rub oil around the nails and lie down for twenty minutes to give it and the cream on arms, hands and elbows a chance to be absorbed. When you get up, wipe off oil cream, wash your hands and apply liquid polish.

## Your Baby and Mine

By MYRTLE MEYER ELDER

VITAMIN D IS PURSUED UNTIL

Beginning September 1 cod liver oil comes back to the family medicine chest until June 1. The mother should be grateful to know that there is such an army of available oils that there certainly will be some type of which baby will accept without violent rebellion.

THREE KINDS  
At present there are four general types of products which provide the system with vitamin D and which may be purchased at the drugstore or chemist shop. There are plain oils of three kinds, those made from the livers of codfish, halibut, and tuna; cod liver oil, halibut liver oil, and tuna liver oil. They are marketed under trade names of various kinds.

Then there are plain oils in which the vitamin D potency is increased by the addition of vitamins A and E. These are called, in general, super D oils. They contain more vitamin D than plain oils, and also contain the valuable vitamins A and E which is lacking in vitamin D alone.

The vitaminists are blind oils traded with ultra-violet rays until they develop vitamin D potency which is much higher than either plain cod liver oil or super D oils.

In addition there are all kinds of these products in tablet and capsule form. There is also a growing array of foods, milk and yeast and cereal foods, undergoing ultra-violet ray irradiation to produce a vitamin D content which will help the fight against rickets. Write for my special leaflet, "Cod Liver Oil and the Vitaminists," enclosing a self-addressed, stamped envelope with your request.

The use of some form of vitamin D is imperative for the growing baby or child during the cold winter months when he is deprived of a sunshine hot enough to permit synthesis in the skin. Sunshine on bare skin produces vitamin D in the system. Barring this, some of these vitamin D products, preferably the one the baby will take best and that prescribed by the attending physician, must be included in the diet. The use of these oils is begun when baby is four weeks old and continued at least until the second year, and up to the sixth in some cases.

I will be asking you at intervals all winter: Is your baby getting all form of vitamin D daily?

### SHOT FROM GUNS

Quaker

### PUFFED WHEAT

### PUFFED RICE

HERE'S a "cool" cereal for warm weather. Crisp, crunchy, puffed grains that will tempt your appetite and supply the energy needed for summer work and play. Try serving Quaker Puffed Wheat and Puffed Rice with fresh fruit—there's nothing so delicious—or refreshing.

### SHE HAS DESIGNS ON THE NEW FALL SILKS

(Photo courtesy of McMillan Silk Co.)  
They look for all the world like microphone systems seen in a laboratory, but the unique circle-and-bar design framing the lovely face of Miss Ann Campbell (above) was her for her summer outfit designed just for her. It is a beautiful, feminine, rather tailored design with a soft, feminine touch.

### ELBOWS REQUIRE CARE

Entire Forearm Should Be Included In Manicure Treatment

By ALICIA HART

Meticulous grooming of arms, hands and finger nails enhances the charm and beauty of Lago Vals.

## DECISION TO ASK FOR LESS

Friendly Help Welfare Association Will Be Able to Operate For \$43,500

By using the knife of economy during the coming twelve months, the Friendly Help Welfare Association has decided that it will be able to operate on \$43,500, instead of the original \$50,000, which it was decided some weeks ago to appeal for, starting October 15. The general committee met this week and decided it would be able to operate efficiently on the reduced sum during the next year.

The \$50,000 was intended to stretch until the end of 1935, but the committee has now decided to appeal for the lower sum and to make it do until October of next year, when it is hoped conditions will be better and as much money will not be needed. The clothing department is a tremendous drain on the resources of the association and it has been decided to economize as much as possible on this item.

With the opening of school next week there has been a steady stream of people to the headquarters of the association at 1234 Pandora Avenue for clothes and shoes for their children. Many kind-hearted people in the city are continually sending in used clothing and footwear, but it all must be cleaned and mended before it is handed out to needy families. The item for shoe repairs alone is considerable.

Close to \$100 a month is needed for food for under-nourished children and run-down adults. Most of the money in the city work is in conjunction with the association and make recommendations for milk for certain families.

## NEW BURSARY FUND AT U.B.C.

Money Made Available For Students; Members of Staff Receive Recognition

For the coming session, a special bursary fund has been made available by the Board of Governors of the University of British Columbia to enable students to attend the university who would not otherwise be able to do so, as announced at this week's meeting of the board.

To be eligible for an award from this fund a student must be attending at least second-class standing in the examinations last written and must give evidence of need. These bursaries will be open to men and women matriculants as well as to students who have previously been in attendance at the university. Applications for the fund must be in the hands of the registrar not later than October 1.

At the meeting, the Board of Governors accepted a generous offer of Mrs. Lily Alice Lefevre to give the sum of \$5,000 to the university to provide a scholarship in memory of her late husband, Dr. J. M. Lefevre. A scholarship and a gold medal will be awarded annually to the student of the first year in the faculty of arts and sciences who ranks high in the chemistry course and who has shown special aptitude for investigation work. Dr. Lefevre has been engaged in chemistry as a student and practitioner assisted the donor in making the chemistry scholarship available.

**TEXTBOOK ACCEPTED**  
A textbook on analytic geometry by Dr. F. E. Rowan of the U.B.C. staff, has now been adopted by the University of Michigan, University of Illinois, University of Cincinnati, University of Indiana, Wisconsin Normal School, Platteville (Wisconsin), School of Mines and Royal Military College, Kingston.

In addition, a research work by Dr. Rowan on "A Total Matrix Algebra" has been published in the Tohoku Mathematical Journal. A research by Dean Daniel Buchanan on "The Spheroidal Pendulum" has been published in the Proceedings of the Royal Society of Canada, 1934.

## PINNED AGAINST BOILER BY LOG

A. R. McLeod Succumbed to Injuries in Comox Hospital

Special to The Times  
Courtenay, Aug. 29.—While engaged in picking up logs with a derrick along the right-of-way of the Comox Logging Company, near Camp 3, Alexander Robert McLeod of Sandwick, forty-two, was fatally injured August 28 and died in St. Joseph's Hospital, Comox, the following day. According to evidence given at the inquest here, McLeod was one of a gang of what is known in the woods as "cherry pickers," who go along the track with a locomotive and derrick picking up logs that have fallen off the heels. McLeod was engineer. At 3:30 o'clock Thursday afternoon they were working three or four miles from Camp 3. It was the last log to be lifted that day and the camp was closing down next day. One end of the log was on a flat car and the other was being pulled on when it struck a sapling six inches in diameter, which whipped around and pinned McLeod, who was at the controls, against the boiler. The injured man was taken to the hospital where it was found he had injuries to the back and internal conditions. A verdict of accidental death was returned.

Funeral services were held last Sunday afternoon at 3 o'clock from the Presbyterian Church at Sandwick for Mr. McLeod. Rev. Bryce Wallace, of Courtenay, officiating. The hymns sung were "Rock of Ages" and "Abide With Me." Pallbearers were Roy Cliffe, Jack McNamee Jr., Arthur Grant, Leslie

## Four Teachers Are Appointed

Nanaimo Board Considered 174 Applications For High School Positions

Nanaimo, Aug. 29.—Nanaimo school trustees held a long session yesterday evening considering 174 applications for four positions on the high school staff. The following appointments were made: James O. Swah, Nanaimo; Miss Olive E. Green, Nanaimo; Miss Joan E. McLaughlin, Cumberland; Miss Wynne A. Monkman, Vancouver.

matter of opinion. But the value of tanks is now greatly established. The ability of a large sized tank force to make an effective move of 100 miles within twenty-four hours is no longer disputed, he said. But an important issue, he said, is the question of how much airplanes can interfere with the usefulness of tanks.

## Premier Will Open Saasich Exhibition

Premier Pattullo will officially open the sixty-sixth annual fair of the North and South Saasich Agricultural Society, at Saasich, on Wednesday, September 19, at 2 p.m.

## EIGHTY-SEVEN AUTOS ARE SOLD

Canadian Press  
Toronto, Aug. 29.—The University of Toronto's Stadium, scene of many famous gridiron struggles, yesterday was thronged with a crowd of more than 5,000, to witness the Hepburn government's wholesale auction of automobiles used by officials and ministers of the former Henry government.

## BAND FAILED TO TURN UP

Navy Musicians Missed Date and Duncan Ball Was Disappointing

Special to The Times  
Duncan, Aug. 29.—The grand naval ball held in the Agricultural Hall here Monday evening, proved a disappointment to those attending, as the dance band of H.M.S. Duncan, which was advertised to supply the music for the dancing, through some mistake, did not appear. Another orchestra filled the breach for a short time and dancing went on until midnight.

Eighty-seven cars had been disposed of at a sum aggregating about \$67,000. A large sedan that carried former Premier George S. Henry a bit more than 48,000 miles, was sold for \$1,500.

# New Method Laundry Captures Island Softball Championship

## THE SPORTS MIRROR

### Chalk Up Second Straight Victory Over Hillcrests

Play Errorless Ball to Turn Back Duncan Nine 6 to 5 Before Large Crowd

#### Play Vancouver Here on Saturday

New Method Laundry softballers to-day had the Vancouver Island championship under their belts, and were biding their time until Saturday, when they will stack up against the mainland champions in the first game of the British Columbia championship final here. Yesterday evening at the Athletic Park, before one of the largest crowds to ever witness a softball game in this city, the New Method turned aside the Hillcrest club, and registered a 6 to 5 victory, to take the island crown by two straight victories.

The New Method boys won the first game at Duncan on Sunday 12 to 8, and although they met a little stiffer opposition yesterday evening the laundry nine came through in the pinch as they have done in the majority of their games this season. The New Method captured Macdonald's Service Station, Victoria, as island titleholders and will defend the provincial crown won last year by that team.

The laundry played errorless ball behind the three-hit pitching of Craig McKelving and well deserved victory, although they had to play heads up ball to cut short a determined rally of the Duncan nine in the final inning. New Method sluggers collected four hits off the combined offerings of J. Inamoto and E. Evans.

The Hillcrest boys had a tough night in the field, no less than three errors being chalked up against them. The boys played a major part in the victory of the laundry. New Method gained a one-run lead in the first inning and in the third added three more when Rube Lamer, their hard-hitting first baseman, soched a home run, with two men on base. Hillcrest collected their first run in the fourth, and added another single counter in the sixth. The laundry came back with two more in the seventh.

In a last ditch effort to pull the game out of the fire the Hillcrest rallied in the ninth that netted them three runs.

Leading the hitters for the evening with two hits out of four trips to the plate.

| BOX SCORE | Hillcrest | New Method |
|-----------|-----------|------------|
| AB        | 10        | 10         |

## Freddie Painter Is Junior Champ

**Captures City Golf Championship Over George Vale Links With Thirty-six-hole Card of 152; Eric Wright Places Second With 155**

Seventeen-year-old Freddie Painter is the new junior golf champion of Victoria as a result of his brilliant second round at George Vale yesterday afternoon. Shooting the long course in 75 just three above par, Painter broke a three-way tie prevailing at the end of the first round, when Painter, Eric Wright and J. H. Riley each scored 77.

The new champion's grand total of 77-152 was three strokes better than that of Wright, who finished second with 77-155, and seven better than that of Riley, whose score was 77-150. J. Sangster came fourth with a pair of 80's, while F. Pearce tied for fifth with C. Banfield, who was only one behind the leaders at the end of the first round, with scores of 162.

By his victory Painter won the Carmichael Cup, which was presented to him during the afternoon by Mrs. H. P. Hodges, women's club captain. Pat Freeman won the hidden-hole contest for the first eighteen holes and H. Reid for the second.

Complete scores follow:

|                 |     |     |     |
|-----------------|-----|-----|-----|
| F. Painter      | 77  | 75  | 152 |
| E. Wright       | 77  | 78  | 155 |
| J. H. Riley     | 77  | 73  | 150 |
| J. Sangster     | 80  | 80  | 160 |
| F. Pearce       | 82  | 78  | 160 |
| C. Banfield     | 78  | 84  | 162 |

### Lynda Adams Gives Diving Exhibition

Toronto, Aug. 29.—Handicapped by a cold wind and frigid water, petite Lynda Adams, fourteen-year-old Van-

### Seattle Cricket Team Plays Here

At the request of the United States eleven, Saturday's cricket match between Seattle and the Five Crs. team will commence at 10:30 a.m. The Five Crs. team will consist of the following: F. C. Payne, captain; Qualiton, Fleming, P. H. Foster, Gibbons, Williams, Nixon, Griffin, J. Payne and G. Payne. The Canadian Legion Britannia team will be heard during the afternoon.

### JIMMY-BARNEY BACK AT WORK

**Principals in Title Fight  
Sept. 6 Training Again  
After Day of Rest**

New York, Aug. 28.—Muscles relaxed and limbs eased by a day of relaxation, Jimmy McLarin and Barney Ross returned today to strenuous prepping for their return act in Madison Square Garden's Long Island best of the night of September 6.

Jimmy, Vancouver's ex-ruler of the waterweights, and Barney, crafty Chicago Jew who now dominates the class, were given a holiday yesterday by managers already convinced their previous charges are rounding into shape.

After breakfast McLarin did a little roadwork and indulged in setting-up exercises—"child's play," he called it. Then he tried to relax and play host at his Grangehurst, N.Y., camp to a group of visiting newsmen and sports cartoonists.

However, one cartoonist wondering what it felt like to be clipped on the chin by the little Canadian's famous right hand, coaxed the boxer out of his chair for a demonstration. Jimmy desisted, then complied reluctantly. He obviously pulled the punch to the unprotected chin but still knocked the bewildered picture man into the open arms of a man seated beforehand.

cover girl, yesterday gave a diving performance at the Canadian National Exhibition. Miss Adams, Canadian diver diving champion, who placed fourth at the British Empire Games, executed five dives.

## K. UNSWORTH, D. PEDEN WIN

**Each Figure in Four Victories  
During Duncan Junior  
Tennis Tournament**

Duncan, Aug. 28.—Doug Peden, Victoria, continued to be the Capital City's best but in the under-eighteen singles at the Duncan Lawn Tennis Club's junior tournament when he won four matches in play yesterday. His victories included two in singles and one each in doubles and mixed doubles. Brian Page, Seattle, top-seeded in the under-eighteens, also came through with little difficulty.

Exclusive of consolation, fifty-four matches were completed during the second day of play. Kewpie Unsworth, Victoria, who is entered in the under-eighteen events, also won four matches—two in singles, one in girls' doubles and one in mixed doubles. In her second singles match she dropped the middle set to Barbara Garard, but earned her way into the semi by taking the final set in love.

Paul Harmon, California, brother of Bob Harmon, and G. W. Pedlar, Vancouver, put on an interesting match in the boys' under-fourteen event, Pedlar taking the first set. The Californian won, 6-4, 6-2, 6-1. It was Harmon's first experience on grass.

Complete results follow:

**Boys' Singles—Under Eighteen**  
D. Peden won from D. Barrett-Leonard, 6-2, 6-1.  
S. Page won from P. Aldersey, 6-1, 6-2.  
A. Molin won from P. Lockie-Swing, 6-4, 7-5.  
Peden won from Whan, 6-2, 6-2.  
Malnguy won from Jones, 6-4, 2-6, 6-2.

**Quarter Finals**  
R. Reid won from R. Christman, 7-5, 6-3.  
K. Unsworth won from Barbara Garard, 6-4, 6-2, 7-5.  
T. Tiedall and A. Mutter won from Corbett and Whittle, 6-1, 6-2.  
Aldersey and Williams won from Savas and Giles, 6-3, 6-2.  
Page and Reid won from Christman and Crane, 6-2, 6-2.

**Girls' Doubles—Under Eighteen**  
Joan Andrews and Ann Galloway won from S. Hally and D. Crofton, 6-2, 6-2.

**Quarter Finals**  
K. Unsworth and P. Garard won from Millicent and Doris Fox, 6-4, 6-2.  
T. Tiedall and A. Mutter won from R. Grantham and J. Bateman, 6-4, 2-6, 6-2.

**Quarter Finals**  
K. Unsworth and P. Garard won from Millicent and Doris Fox, 6-4, 6-2.  
T. Tiedall and A. Mutter won from R. Grantham and J. Bateman, 6-4, 2-6, 6-2.

**Mixed Doubles—Under Eighteen**  
Pauline and Zeta Allen won from Jones and Dot Hardy, 7-5, 7-6.  
Crane and T. Boyd-Wallis won from Whittle and S. Hally, 6-2, 6-2.  
Peden and K. Grogan won from Leve and Peggy Garard, 6-2, 6-2.  
Kennedy and K. Unsworth won from Crane and T. Boyd-Wallis, 6-4, 6-2.

**Boys' Singles—Under Fourteen**  
A. Zien won from D. Rhodes, 6-2, 10-8.  
G. Pedlar won from P. Corbett, 6-2, 6-1.  
D. Barrett-Leonard won from J. O'Hara, 6-0, 6-2.  
T. Page won from S. Jackson, 7-5, 6-2.  
A. Zien won from J. Bateman, 6-0, 6-1.  
R. Page won from T. Fitzpatrick, 6-2, 6-1.  
J. Grogan won from D. W. Grogan, 1-6, 6-3, 6-2.  
H. Ballard won from W. Wilson, 6-1, 6-2.  
G. Whan won from G. W. Pedlar, 6-4, 6-2.  
R. C. Hanes won from Barrett-Leonard, 6-1, 6-2.  
Young won from J. Whittle, 6-2, 7-5.

**Quarter Finals**  
Hanes won from Young, 6-0, 6-2.  
Page won from J. Grogan, 6-2, 6-2.  
Girls' Singles—Under Sixteen  
Dot Hardy won from S. Hally, 6-4, 6-2.

**Quarter Finals**  
K. Unsworth won from Doris Fox, 6-0, 6-2.  
Diana Stanier won from Virginia May, 6-4, 6-1.

**Boys' Singles—Under Fourteen**  
H. Ballard won from F. C. Keatley, 6-2, 6-2.  
D. Handing won from J. Galloway, 5-7, 6-4, 6-1.  
T. Staples won from P. Griffin, 6-1, 6-2.  
Stan Smith won from M. O'Hara, 6-2, 6-2.  
W. Wilson won from G. Mortimer, 6-2, 6-1.  
P. Harmon won from G. W. Pedlar, 6-2, 6-2.  
H. Ballard won from S. Handing, 6-2, 6-2.

## FAIR MERMAIDS ALL SET FOR BIG TORONTO SWIM

A big field of the world's leading women swimmers will plunge into the chilly waters of Lake Ontario on Friday afternoon, competing for \$4,000 in prizes, of which \$2,000 goes to the winner. The event was originally scheduled for to-morrow afternoon but has been set back a day owing to the postponement of the men's race, held to-day, until to-morrow, owing to the coldness of the water. The distance is five miles, and the winner will be entitled to the world's championship for the distance. This group shows some of the contestants who are likely to make a good amateur championship before turning pro. She is in the money both in 1932 and 1933; Mrs. E. Smith Reynolds, Toronto, winner of the C.N.E. short swim last year. The five girls below were trained by the incomparable Johnny Walker and say one of them might prove the winner. Left to right: Janet Sheather of Port Credit, Ont., who won the Chicago "Century of Progress" swim; Charlotte Acres, the comely Vancouver girl; Nell Hurley of Memphis, Tenn.; Leah Riley of Kenosha, N.J., who has swum in every Exhibition Marathon; and May Looney, the Warren, Ohio, school teacher who has figured in the prize list several times.

## C.N.E. Men's Marathon Swim Postponed for Day

Toronto, Aug. 28.—Canadian National Exhibition authorities this morning announced a twenty-four-hour postponement in the men's marathon swim scheduled for to-day. Temperature of the water was 54 degrees. If possible the men's swim will be held at 11 o'clock to-morrow morning. The women's swim will be held at 2 o'clock Friday afternoon.

## Classy Field For U.S. Tennis Play

Fred Perry, England, Defending Champion, Will Face Stiff Test in Championship Tourney, Opening Saturday at Forest Hills; Canadians Entered

### Frank Patrick Will Head East

To take over his duties as manager of the Boston Bruins in the National Hockey League, Frank Patrick will leave Vancouver for the eastern city on Sunday. Patrick will be accompanied by his wife and family and will go east by automobile. Yesterday Mr. and Mrs. Patrick and their family spent the day in Victoria, visiting with Mr. Patrick's father and mother, Mr. and Mrs. Joseph Patrick, 930 Joan Crescent.

## ROYALS TAKE SECOND GAME

**New Westminster Lacrosse Team Hands Vancouver St. Helens 13 to 12 Setback**

New Westminster, Aug. 28.—New Westminster Salmonbellies continued their march toward another British Columbia lacrosse title yesterday evening when they edged out a 13 to 12 victory over St. Helens, Vancouver.

It was the Salmonbellies' second straight victory in the three-out-of-five final series. They won the first game 20 to 8.

The Royal City squad took a 5 to 2 lead in the first quarter and were never headed. St. Helens staged a furious rally in the final quarter, outscoring the Salmonbellies, 9 to 2, but fell short of tying the score when a slanting drive in the last minute missed the New Westminster goal by inches.

## HYDROPLANE EVENTS SET

**Complete Programme Announced For Regatta at Cordova Bay on Monday**

Complete programme of events, officials and a list of the trophies for the outboard races to be staged at Cordova Bay on Monday were announced to-day by officials in charge of the event. The first race will get under way at 1:30 o'clock, and one of the largest crowds in the history of the regatta is looked for. Thirty drivers are expected to compete.

The officials have been selected from a joint committee of the Vancouver Island Outboard Association and the Cordova Bay Recreation Club. Those in charge of the events follow: Chairman, Charles Ellis, Victoria; vice-chairman, George Russell, Victoria; secretary, Fred Doherty, Victoria; assistant secretary, Art Hancock, Victoria; treasurer, Maxwell, Victoria; judges, W. C. Moresby and J. G. Elliott, Victoria; pit manager, F. G. Belanger, Vancouver; assistant pit manager, K. Dorman, Victoria; starter, announcer and recorder, H. C. Jackson, Vancouver; scorers, three from Vancouver: Umer, Charles Ellis, Victoria; assistant photographer, Norman Grice, Victoria.

Ex-officio members of the committee follow: Mayor David Leeming, Victoria; Reeve Crouch, Saanich, and Reeve R. W. Mayhew, Oak Bay, along with the aldermen and councillors of those municipalities.

The programme and trophies follow:

- C hydroplanes, Bachelor Cup, five laps.
- D hydroplanes, first heat, Pen-dray-Grice Cup, three laps.
- C service runabouts, Times Shield, three laps.
- C hydroplanes, Victoria's D Drive Cup, five laps.
- Four-h.p. hydroplanes, Joker Cup, two laps.
- B hydroplanes, second heat, Pen-dray-Grice Cup, three laps.
- C service runabouts, David Spencer Cup, five laps.
- C hydroplanes, Times Cup, five laps.

Special and substantial cash donations are to be made to those who make the greatest aggregate points in the class C service runabout races and in the class C hydroplane races.

## LOCAL LINKS PLAYERS WIN

**Jack Matson and Mrs. Sayward-Wilson Advance in Tournament at Jasper**

Jasper Park Lodge, Alta., Aug. 28.—Clear and exciting golf was the feature of the first day of match play for the Totem Pole golf championship here yesterday, and favorites came through without any real upset. Jack Matson, defending champion, who has played very little golf this year, was given a very close call by Leigh Walsh, Calgary, who waged a close battle to carry the match to the seventeenth before conceding defeat.

The feature match of the day was between diminutive Horrie Black, the veteran Calgary Scot, and another veteran from Chicago, Maceo Phelps, former holder of the Western amateur title. This match went to the twentieth hole when Black won with a birdie as Phelps got into trouble in a bunker.

**CLOSE BATTLES**  
The championship battle lies between five American players and eleven from Canada. Four of the Americans, however, are in the top half of the draw. Mulder, Seattle, and Paegre, Minneapolis, meeting to-day, Leslie Bell, Calgary, former holder of the title, advanced by defeating Willie Stettler, Jack Matson, star left-hander, Victoria, had a tough battle with G. K. Thompson, Victoria, and had to shoot a 78 to win. Bonnie Hopkins, model, 29, Vancouver, was carried to the seventeenth before he could win from Harry McLeod, Edmonton. Jack Wagner, Seattle, turned back McKinnon, Edmonton. Alex. Gray, Seattle, best Bruin, Milwaukee.

In the women's championship, Mrs. Simon, however, are in the top half of the draw. Mulder, Seattle, and Paegre, Minneapolis, meeting to-day, Leslie Bell, Calgary, former holder of the title, advanced by defeating Willie Stettler, Jack Matson, star left-hander, Victoria, had a tough battle with G. K. Thompson, Victoria, and had to shoot a 78 to win. Bonnie Hopkins, model, 29, Vancouver, was carried to the seventeenth before he could win from Harry McLeod, Edmonton. Jack Wagner, Seattle, turned back McKinnon, Edmonton. Alex. Gray, Seattle, best Bruin, Milwaukee.

Low scoring was featured throughout the day. Weather conditions were again ideal, the whole setting being perfect and at its best.

| NATIONAL LEAGUE | Win | Loss | Pct. |
